

Infinite Campus Portal User Guide

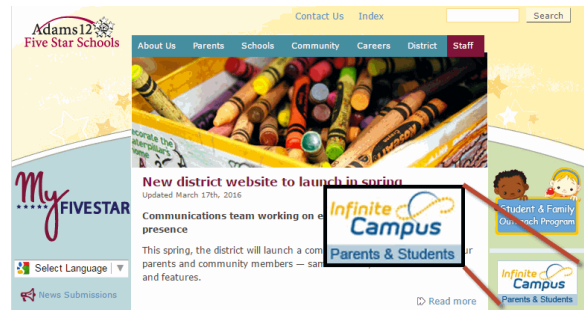

Welcome to the Adams 12 Five Star Schools Parent/Student Portal. With this connection to the district, parents/guardians will be able to monitor their student's educational progress. The portal will provide access to current information on attendance, schedule, and grades. This guide was developed to assist with creating a parent log-in and to show the basic navigation of the site.

Navigating the Campus Portal

Sign Out and Home buttons appear in the top right corner of the screen, with the Name of the individual logged into the Portal appearing next to these buttons. Clicking the Home button will take the user back to the homepage seen upon signing in. This page contains the Family and User Account sections of the navigation pane. When a user first log's in the Message tab located in the Family section is selected.

Portal Information on Multiple Students

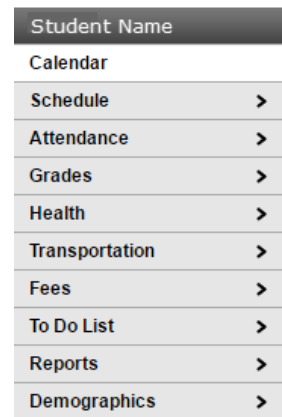

Use the **Select a Student** drop down in the top left of the screen to view all of the students a user has rights to view, select a student to view Portal information for that student only. Only students with an enrollment in the current year or an enrollment next year will display in the list.

Students can be enrolled in multiple calendars or schools. When this is the case, another dropdown menu will indicate which enrollment information is currently being viewed and will allow the user to view the information from other enrollments in the current year. (In Adams 12, students with classes at Bollman Technical Education Center will have this). If your student has transferred from one Adams12 school to another during the school year, both enrollments will display in this drop-down list, allowing you to view grades and attendance from the previous school.

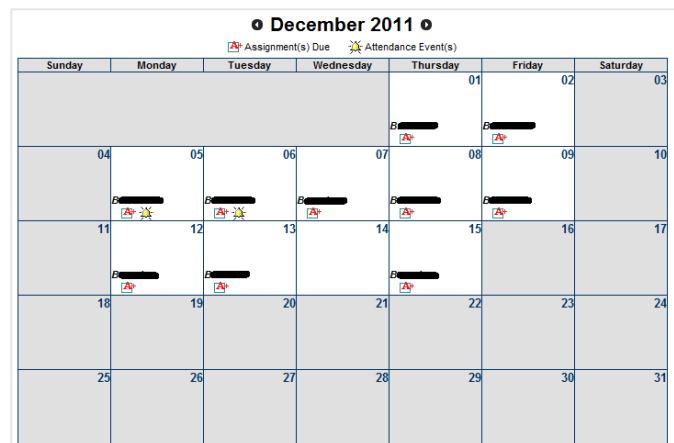

Student Section Navigation

The tabs in the Family section apply to all students to which that parent has rights. For example, when accessing the Calendar tab from the Family section, a calendar will display assignments, day events and attendance for all of the students. But when accessing the Calendar tab from the student section, only information specific to that student will display.

Student Calendar – View information for one student.

- Clicking on the Assignment icon (A+) takes the user to another screen which provides details of the student's assignment. Clicking the browser back button will return the user to the calendar.
- Clicking on the Attendance icon (A) will display an additional screen over the Calendar which provides details of the attendance event.

- Schedule. View class schedule.
 - Clicking on the course name takes the user to the student's grades and assignment detail.
 - Clicking on the instructor's name will allow the user to send an email through Outlook.
